the tool was debt convincing strategically important countries to borrow huge amounts of money for enormous development projects that served the very rich while driving the country deeper into poverty and debt and once indebted these countries could be controlled in this latest edition perkins provides revealing new details about how he and others did their work but more importantly in an explosive new section he describes how the ehm tools are being used around the world more widely than ever even in the u s itself the cancer has metastasized yet most people still aren t aware of it fear and debt drive the ehm system we are hammered with messages that terrify us into believing that we must pay any price assume any debt to stop the enemies who we are told lurk at our doorsteps the ehm system employing false economics bribes surveillance deception debt coups assassinations unbridled military power has become the dominant system of economics government and society today it has created what perkins calls a death economy but perkins offers hope he concludes with dozens of specific concrete suggestions for actions all of us can take to wrest control of our world away from the economic hit men and help give birth to a life economy

sister erika when the young mei li by pure coincidence predicts the san francisco earthquake of 1906 erika constructs her identity as madame psyche exploiting mei li s exoticism and her clients yearnings for contact with the dead in a series of ingeniously orchestrated seances that win her renown as a medium in california and then in the death soaked europe of the first world war a a a ironically it is when she manages to finally reject the popular spirituality that has made her famous that mei li experiences a truer spiritual vision one day while walking on the beach she has a revelation of her connection to all of life an experience of hidden reality which i have never doubted and which left me permanently changed by what i then knew and know still and will always know a a a mei li s subsequent journey leads her through the aspirations and disappointments of a utopian commune in the santa cruz mountains in the 1920s to the poverty of migrant work camps in the depression era salinas valley and to the courage of the first strikes on san jose s cannery row finally when the relentless erika cheats her out of an inheritance by having her committed to the napa state hospital mee li finds her greatest wisdom and peace among the outcasts of the asylum and there writes her confessions a a a mei li s story is ensconced in the rich history of northern california in the first half of the twentieth century and peopled by comrades of many classes and cultures and lovers both male and female but her central odyssey remains one of inner discovery in confessions of madame psyche dorothy bryant has created a character who is so honest in her search for truth growth and spiritual understanding that this quest becomes inherent to her survival
