As Yoga matures in the U.S., this is a new approach to balance physical and mental health, for serious students and beginners. All yoga forms emphasizing either muscle (Yang) or connective (Yin) tissue. Today, all popular Yoga forms are Yang--muscular. Yin Yoga is unknown, but vital, as a balanced Yoga practice has many benefits, including better preparation for meditation. Yin Yoga focuses upon connective tissue, which does not stretch or respond to brief stresses as muscle will, so Yin postures are held a long time, with the muscles relaxed. Acupuncture meridians are also in connective tissues and Yin Yoga is specifically designed to stimulate them. Divided into two sections, the second part of the book deals with chakras, breathing exercises and meditation, and is fully illustrated with clear, concise descriptions of Yoga postures .

Underground Suelle Dreyfus, Julian Assange, 2012-01-05 Suelle Dreyfus and her co-author, WikiLeaks founder Julian Assange, tell the extraordinary true story of the computer underground, and the bizarre lives and crimes of an elite ring of international hackers who took on the establishment. Spanning three continents and a decade of high level infiltration, they created chaos amongst some of the world's biggest and most powerful organisations, including NASA and the US military. Brilliant and obsessed, many of them found themselves addicted to hacking and phreaking. Some descended into drugs and madness, others ended up in jail. As riveting as the finest detective novel and meticulously researched, Underground follows the hackers through their crimes, their betrayals, the hunt, raids and investigations. It is a gripping tale of the digital underground.
