## ***2005-08-11***

in this outstanding collection of new work the methods and theories of formal syntax are focussed on grammatical variation and change the editors open the volume with an extensive and accessible introduction to the ideas and techniques deployed in the book and the phenomena and issues on which they are brought to bear seventeen chapters follow divided into two parts the first concerned with grammaticalization and the second with parametric variation these show what the application of contemporary theories of syntax and language variation can reveal about syntactic change and variation and the processes of parametric change which lie behind them they also demonstrate the value of testing and constructing synchronic theories on the basis of historical data the analyses range over many languages and language families including germanic romance greek and chinese this book will interest scholars and students of grammatical change and theory at graduate level and above

# ***The Semantics of Dynamic Space in French***

## **2019-07-29**

research on the semantics of spatial markers in french is known mainly through vandeloise s 1986 1991 work on static prepositions however interest in the expression of space in french goes back to the mid 1970s and focused first on verbs denoting changes in space whose syntactic properties were related to specific semantic distinctions such as the opposition between movement and displacement this volume provides an overview of recent studies on the semantics of dynamic space in french and addresses important questions about motion expression among which goal bias and asymmetry of motion the status of locative pps the expression of manner fictive or non actual motion descriptive experimental and formal or computational analyses are presented providing complementary perspectives on the main issue the volume is intended for researchers and advanced students wishing to learn about both spatial semantics in french and recent debates on the representation of motion events in language and cognition

in this anthology an effort has been made to include representative selections from the most significant sixteenth century french poets with the exception if a few longer works mainly those of ronsard du bartas and d aubigné poems are given complete in addition the original

spelling and punctuation have been retained as far as possible except for the usual editorial modifications differentiation of u and v i and j the addition of accents à ò replacement of by et and so on the sixteenth century is a period of tremendous poetic activity it is a period closer in spirit to us in many ways than the intervening centuries particularly the seventeenth and the eighteenth its poetry is still being rediscovered and re assessed in a way that is just as exciting as the period of foment during which it was written
