about the book the book seeks to provide readers with a practical insight into provisions of fema and associated laws in the form of commentary  
general focus of exchange control laws has gradually shifted over time to compliance reporting and documentation given that fema provides for  
significant penalty and prosecution there is little room for non compliance this book is an attempt to provide professionals and compliance officers  
with essential knowledge and tools to understand and undertake the necessary compliances the book provides the latest position without  
compromising on changes in the law that have taken place over time this book aims to equip professionals be it cs ca cma or corporate lawyers who  
are desirous of undertaking compliances or practicing on exchange control laws with the requisite knowledge and expertise it seeks to be a practical  
guide to interpretation and compliances under exchange control laws the book promises to be the go to resource for exchange control laws for current  
and would be professionals and compliance officers
