the tragedy of romeo and juliet the greatest love story ever

## **West Side Story**

2017-07-05

one of the broadway musicals that can genuinely claim to have transformed the genre west side story has been featured in many books on broadway but it has yet to be the focus of a scholarly monograph nigel simeone begins by exploring the long process of creating west side story including a discussion of bernstein s sketches early drafts of the score and script as well as cut songs the core of the book is a commentary on the music itself west side story is one of the very few broadway musicals for which there is a complete published orchestral score as well as two different editions of the piano vocal score the survival of the original copied orchestral score and the reminiscences of sid ramin and irwin kostal reveal details of the orchestration process and the extent to which bernstein was involved in this simeone s commentary considers musical characteristics and compositional techniques used to mirror the drama for example the various uses of the tritone motivic development the use and reinvention of broadway and other conventions the creation of dramatic continuity in the score through the use of motifs and other devices the unusual degree of dissonance and rhythmic complexity at least for the time and the integration of latin american dance forms mambo huapango and so on simeone also considers the reception of west side story in the contemporary press the stir the show caused included the response that it was the angular edgy score that made it a remarkable achievement not all reviews were uncritical finally the book looks in detail at the making of the original broadway cast recording made in just one day included on the accompanying cd

## **Leonard Bernstein: West Side Story**

1993

early on critics often were distracted by the maestro s dancelike style as a conductor but he always protested that he was not aware of it during the performance his podium manner had to be a burning need to communicate the composer s thought processes to both orchestra and audience whatever the physicality it took to make it manifest at times it was as if he were in the title of one of his songs from on the town carried away one is reminded of words from psalm 35

ever since the great recession the global financial regulatory system has undergone significant changes but have these changes been

sufficient have they created a new problem of over regulation is the system currently in a better position than in the pre recession years or have we not adequately addressed the basic causes of the financial crisis and resulting great recession these were the questions and issues addressed in the seventeenth annual international banking conference held at the federal reserve bank of chicago in november 2014 in collaboration with the bank of england the theme of the conference was to examine the state of the new global financial system as it has evolved in response to significant market changes and regulatory reforms triggered by the global financial crisis the papers from that conference are collected in this volume with contributions from an international array of government officials regulators industry practitioners and academics
