im fokus der studie steht eine neue deutung von rembrandts nachtwache aus dem jahre 1642 zentral ist dabei die auseinandersetzung des malers mit der klassizistischen kunsttheorie von franciscus junius dessen werk de pictura veterum war 1637 in lateinischer und 1641 in niederländischer sprache erschienen so lautet die these dass rembrandts gruppenporträt auf eine kritik italienisch klassizistischer imitatio konzepte zielt und zugleich werke der antike und der italienischen hochrenaissance ironisiert der leidener maler orientiert sich an raffaels schule von athen um damit implizit die frage angemessener und unangemessener nachahmung zu stellen die studie insgesamt will zeigen wie differenziert rembrandt mit vorbildern umzugehen vermag steht auch die nachtwache im zentrum der untersuchung so werden auch andere gemälde sowie radierungen und zeichnungen interpretiert und nach der ironischen dimension von rembrandts kunst im ganzen gefragt the focus of müller s study is a new interpretation of rembrandt s night watch from 1642 which highlights the painter s engagement with the classical art theory of franciscus junius junius s treatise de pictura veterum was published in latin in 1637 and in dutch in 1641 ultimately müller argues that rembrandt s group portrait was designed to present a critique of the italianate classical concepts of imitatio in addition to offering an ironic commentary on artworks of the antique and high renaissance periods the dutch artist takes raphael s school of athens as a reference point thereby implicitly posing questions about appropriate and inappropriate forms of imitation the study as a whole shows how complex and witty rembrandt s approach to his models could be although the night watch occupies a central place in the inquiry the author also engages with other paintings etchings and drawings in order to sketch the contours of rembrandt s ironic image making

the sea and maritime spaces have long been neglected in the field of jewish studies despite their relevance in the context of jewish religious texts and historical narratives the images of noah s arche king salomon s maritime activities or the miracle of the parting of the red sea immediately come into mind however only illustrate a few aspects of jewish maritime activities consequently the relations of jews and the sea has to be seen in a much broader spatial and temporal framework in order to understand the overall importance of maritime spaces in jewish history and culture almost sixty years after samuel tolkowsky s pivotal study on maritime jewish history and culture and the publication of his book they took to the sea in 1964 this volume of pardes seeks to follow these ideas revisit jewish history and culture from different maritime perspectives and shed new light on current research in the field which brings together jewish and maritime studies the articles in this volume therefore reflect a wide range of topics and illustrate how maritime perspectives can enrich our understanding of jewish history and culture and its entanglement with the sea especially in modern times they study different spaces and examine their embedded narratives and functions they follow in one way or another the discussions which evolved in the last decades focused on the importance of spatial dimensions and opened up possibilities for studying the production and construction of spaces their influences on cultural practices and ideas as well as

structures and changes of social processes by taking these debates into account the articles offer new insights into jewish history and culture by taking us out to sea and inviting us to revisit jewish history and culture from different maritime perspectives
