2000

juan pablo duarte the humanist juan pablo duarte el humanista is a pioneering book it is the first bilingual spanish and english book containing the writings of juan pablo duarte the founding father of the dominican republic with this selection we seek to expose part of duarte's thought as he expressed it at key moments in his life hence the decision to prepare a book that was completely bilingual the spanish writings included in this book are exact copies of the manuscripts preserved by rosa duarte one of his sisters described by historians as the closest to him

The Book of Duarte Barbosa: Including the coasts of East Africa, Arabia, Persia, and Western India as far as the Kingdom of Vijayanagar

1989

in the last decade of the 19th century modernist sensibilities reached a critical mass and emerged more frequently in music as composers began employing dissonance polyrhythm atonality and densities conversely many 20th century composers eschewed modernist devices and wrote accessible works in a tonal idiom which drew chiefly on classical romantic and folk models then the postmodern sensibility followed with its enthusiasm for the unprecedented availability of virtually every type of music and it engendered numerous sub groups including multiculturalism minimalism multimedia and free improvisation historical dictionary of modern and contemporary classical music focuses on modernist and postmodern classical music worldwide from 1890 to the present this is done through a chronology an introductory essay an extensive bibliography and over 400 cross referenced dictionary entries with more than 60 entries explaining the methods styles and acoustic and electronic media peculiar to new music and over 350 entries giving essential information on the lives and work of the people who have composed and performed that music those entries also include pop jazz and rock composer musicians whose work either overlaps the realm of classical music or else is so radical within its own field that it merits discussion in this context this book is a must for anyone musician or non musician student or professional who seeks to research and learn more about any significant aspect of modern and contemporary classical music worldwide

Juan Pablo Duarte

dataviz the new language of business a good visualization can communicate the nature and potential impact of information and ideas more powerfully than any other form of communication for a long time dataviz was left to specialists data scientists and professional designers no longer a new generation of tools and massive amounts of available data make it easy for anyone to create visualizations that communicate ideas far more effectively than generic spreadsheet charts ever could what s more building good charts is quickly becoming a need to have skill for managers if you re not doing it other managers are and they re getting noticed for it and getting credit for contributing to your company s success in good charts dataviz maven scott berinato provides an

essential guide to how visualization works and how to use this new language to impress and persuade dataviz today is where spreadsheets and word processors were in the early 1980s on the cusp of changing how we work berinato lays out a system for thinking visually and building better charts through a process of talking sketching and prototyping this book is much more than a set of static rules for making visualizations it taps into both well established and cutting edge research in visual perception and neuroscience as well as the emerging field of visualization science to explore why good charts and bad ones create feelings behind our eyes along the way berinato also includes many engaging vignettes of dataviz pros illustrating the ideas in practice good charts will help you turn plain uninspiring charts that merely present information into smart effective visualizations that powerfully convey ideas
